SATURN II MOBILE | SELF-CONTAINED UNIT | INDEX

MINI PRO MOBILE

Instrumentation

High volume evacuation assembly, saliva ejector assembly, solids collector, three-way quick-change syringe assembly, dry hand piece assembly, disc type foot control, air & water filter/regulators, and master on-off switch junction box.

Durability

The cabinet is constructed of 3/4" furniture grade plywood. Solid clear sealed wood drawers on full extension glides. Five nylon twin soft wheel casters promote the ease of mobility. The features and more are built into the quality of the cabinet to assure its integrity for the life of the practice.

Chairside Work and Storage Area

Durable drawers constructed of solid Baltic Birch, UV sealed and installed using 100 lbs. full extension ball-bearing glides for smooth operation and full access. Over 1,500 cubic inches of chairside storage space.

Colors

Over 150 standard colors are available from Wilsonart International. Other colors and textures are also available.

Optional

- Self contained clean water system
 - Clear or Smoke chart holder
- Coolant Water System for handpiece
- Other options available upon request

The versatility of the Mini Pro Mobile cabinet offers chairside storage, instrumentation, aseptic design and flexibility of movement.
