

Heavy Duty Pro Trimmer

*Wehmer's Heavy-Duty
Commercial-Grade*

The 108P offers 50% more horsepower than the standard model 108 plus a coarse diamond trimming wheel and the convenience of electric water flow control. This .75 HP trimmer cuts up to 30% faster than standard machines fitted with carborundum wheels, and wheel life is dramatically improved (over 20X). The 108P is delivered with Mylar orthodontic trimming table, squaring and angulation tools, built-in water spray system, and 3' drain hose. Add an optional work light, drain tray, or splash guard to complete your PRO trimmer package.

Unit: 21 1/2" W X 18" D X 15 1/2" H

Wheel Size: 12" X 1" X 3/16"

Shipping Weight: 73 lbs. Specify 110 or 220 volt / 50 or 60 Hz

Pro Mixer with Built-In Vibrator

- Stainless Steel Work Table • Multi-Speed Vibrator • New Tip-Proof Stand • Ability to Vibrate Under Vacuum • "Quick-Release" Vacuum Connection • 1000cc Stainless Bowls • High-Performance Agitator • Clear Acrylic Bowl Lid • Vacuum up to 29" Hg

Manufactured with Wehmer's built-to-last quality, this professional grade mixer comes equipped with all of our PRO features above, along with the addition of an extended work table and built-in vibrator. This combination of multi-speed vibrator and 24" detachable vacuum hose makes vibrating under vacuum a breeze.

Double filtration of exhaust air keeps oil off your walls and makes the 107SPV whisper quite. Single-motor design is simple and reliable.

Wehmer's Top-Of-The-Line

Unit: 107SPV - 16" W X 12" D X 21 1/2" H
