# SIMPLICITY STOOL

## *Thick Seat*

The seat is made from a 1½" layer of firm foam and a 1½" layer of medium foam, assuring comfort when seated for long periods of time.

## *Automatic Height Adjustment*

The pneumatic height adjustment is activated by a 360° ring and adjusts from 17" to 22".

## *Stability and Strength*

5-legged, one-piece cast aluminum base is reinforced with cast-in welts for extra strength.

Twin wheel casters offer extra stability and easy movement.

*Available in over 150 standard colors*

**Boltaflex Color Guard and Grand Sierra with Prefix®.**

*Optional: Ultra Leather*
