THE PHOENIX | SPACEMAKER PLUS | INDEX

SPACEMAKER

Instrumentation

High volume evacuation assembly, saliva ejector assembly, solids collector, three-way quick-change syringe assembly, dry hand piece assembly, disc type foot control, air & water filter/regulators, and master on-off switch.

Chairside Work Area

The unit top offers over 300 square inches of chairside work area.

Extra Work Area

Pull-out work drawer offers an additional 90 square inches of chairside work area.

Chairside Storage

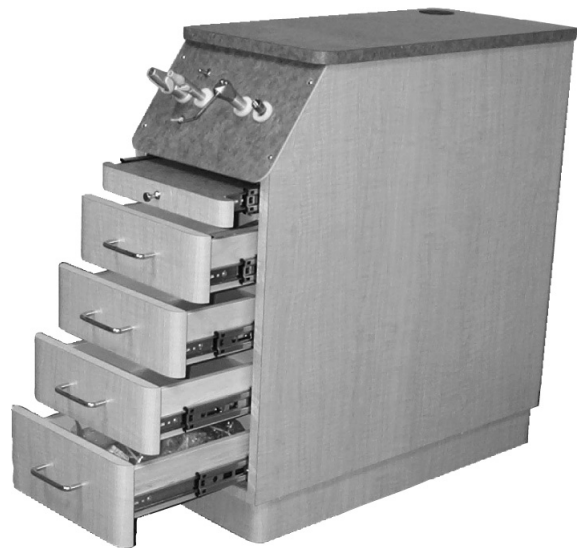

Durable drawers constructed of Baltic Birch, UV sealed and installed using 100 lbs. full extension ball-bearing glides for smooth operation and full access. Over 1,200 cubic inches of chairside storage space.

Durability

The unit is constructed of 3/4" cabinet-grade plywood for durability and retention of integrity for the life of the practice. The steel sub-base ensures a solid mounting to the floor for unit stability.

Colors

Available laminated in 150 colors.
