SPACEMAKER PLUS

Instrumentation

High volume evacuation assembly, saliva ejector assembly, solids collector, three-way quick-change syringe assembly, two hand piece control, one high speed (wet), one slow speed (dry), disc type foot control, air filter/regulator, master on-off switch, and bottled water system.

Chairside Work Area

The unit top offers over 636 square inches of chairside work area.

Radius Corners

The radius corners are easy to walk around and make the area look larger.

Extra Work Area

Pull-out work drawer offers an additional 220 square inches of chairside work area.

Chairside Storage

Durable drawers constructed of Baltic Birch, UV sealed and installed using 100 lbs. full extension ball-bearing glides for smooth operation and full access. Over 1.275 cubic inches of chairside storage space.

Durability

The unit is constructed of 3/4" cabinet-grade plywood for durability and retention of integrity for the life of the practice.
