# *The Phoenix*

## **RADIUS CORNERS**

The radius corners are easy to walk around and make the area look larger.

## **CHAIRSIDE WORK AREA**

The top offers over 640 square inches of chairside work area.

## **EXTRA WORK AREA**

The pullout work drawer offers an additional 84 square inches of chairside work area.

## **STORAGE**

Durable drawers constructed of Baltic Birch, UV sealed and installed using 100 lbs. full extension ball-bearing glides for smooth operation and full access. Over 1,050 cubic inches of drawer storage space.

## **COMPUTER STORAGE**

Opening the rear door gives access to the large computer storage area.

## **INSTRUMENTATION**

High volume evacuation assembly, saliva ejector assembly, solids collector, three-way quick-change syringe assembly, two hand piece control, one high speed (wet), one slow speed (dry), disc type foot control, air filter/regulator, master on-off switch, and bottled water system.

## **CONSTRUCTION**

The cabinet is constructed of 3/4" cabinet-grade plywood.

## **DIMENSIONS**

Cabinet width 20-1/2" Depth front to back 28-1/2" Height 30"

Maximum Computer size Width 9" x Length 14" x 18" Tall.

Drawers 2 ea. 12 x 7-1/8" x 2"

4 ea. 12 x 7-1/2" x 3-1/2"

## ***The Ross Difference***

At Ross, we believe that the patient treatment equipment should be functional, attractive and offer a long, dependable life. Ross builds in quality where you can't see it, using industrial-grade heavy duty mechanical components that are built to last.

***The bottom line on the Ross difference is simple - value and service.***

***"...The concept has been time tested, the design fine-tuned  
and backed by over 40 years of experience..."***
